1 2 3 **4** 5   **Project contains an appropriate amount of information to meet its objectives. - (4)**

Comments: It may have had a little too much info, it was detailed but I only read the first line or two of each area.

1 2 3 4 **5**   **Quality of elements making up project (HTML/CSS, photos, vector graphics, video, audio, animation, web objects/elements)**

Comments: The quality is fantastic, again, really great use of the clients photo's and videos. It all really captured my attention.
